Oncore provides a full line of stock and customized fiber and copper solutions. All our products—which include assemblies in Cat5e, Cat6 and 6a, 10 gigabit laser-optimized and standard 50 micron multimode, 62.5/125 multimode, singlemode and mode conditioning cables—are individually tested and guaranteed for a lifetime. We also stock cables with every combination of LC, SC, ST and MTRJ connectors and can build to order almost any custom cable assembly. Call us today for a quote at [888.ONCORE.2](tel:888.ONCORE.2) or visit us online at oncorecables.com.
