Oncore's Enterprise Line of Multi-Colored Power Cords

**The
I.T. Pros'
Choice**

Power cords for all occasions

Get rid of that confusing "black power cord mess." Oncore's line of multi-colored power cables can help you identify devices with or without redundant power. And by using exact lengths, these soft, flexible cables are resistant to kinking and take up less space in your cabinet. Designed specifically for data center and lab environments, Oncore power cables are all UL certified, RoHS compliant and rated to 250V. Whether using as a replacement for overused cables or a new installation, Oncore's power cables feature a fully molded design that provides maximum durability and long-life.
